TRANSPORTATION

In addition to its commitment to import and export development, Azar Taj Co. has a notable export experience in the dry fruit production industry. The company has successfully exported its products to various countries, including Spain, Poland, Russia, Armenia, Turkey, UAE (Dubai), Iraq, Canada, Qatar, and Japan. This global reach highlights Azar Taj Co.'s ability to meet international market demands and establish strong trade partnerships.

Iran, with its diverse land, air, and sea borders, provides a strategic advantage for Azar Taj Co.'s export operations. The company capitalizes on multiple avenues for product delivery, taking into account the nature of the products and the volume of orders. To ensure smooth and efficient transportation, Azar Taj Co. relies on a team of experienced experts who carefully evaluate different delivery methods based on the final destination and discharge requirements.

For sea transportation, Azar Taj Co. employs internationally recognized methods such as CIF, FOB, and EXW to facilitate exchanges. These methods provide flexibility and ensure compliance with international trade regulations.

In the case of land transportation, Azar Taj Co. utilizes the FCA and EXW methods, which offer reliable options for transporting goods within specific regions or countries.

Azar Taj Co. acknowledges the importance of customer preferences and encourages clients to communicate their preferred product delivery method. Following a comprehensive assessment by their expert team, the company provides customers with the outcome of their investigation, ensuring an optimal delivery solution tailored to their needs.
